## About Us

- A **software solution** provider for food services
- Aiming to support official authorities
- **Experienced and Professional**

**DoubleFast**

**Previous Clients:**

**Microsoft**

# Client Background

- **Department of campus food services**

Department which is responsible for all on campus food services.

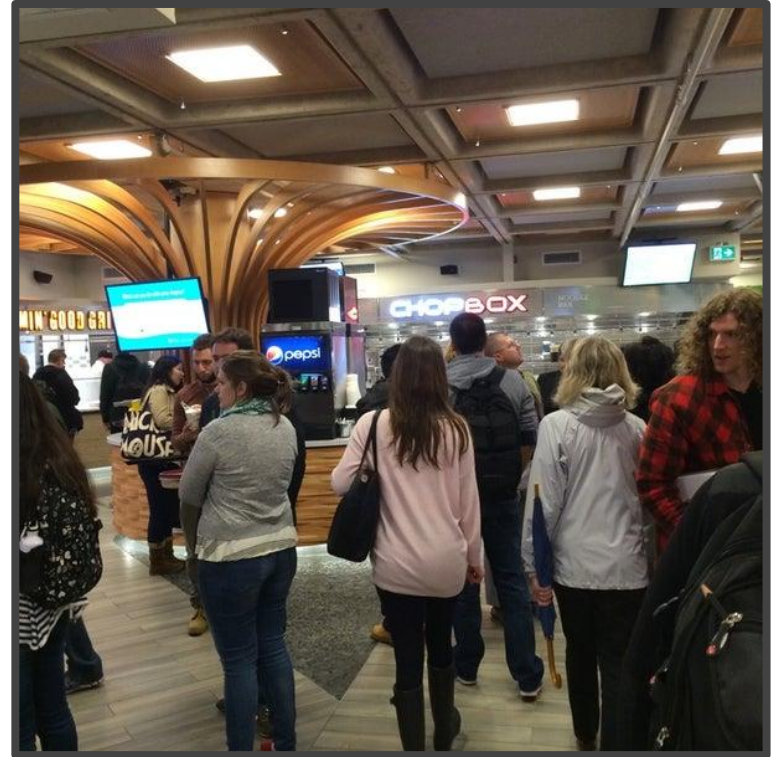

- **Department of student life**

The Office of Student Life (OSL) is part of UVic's Division of Student Affairs. We are dedicated to promoting a safe and inclusive campus community and supporting student engagement, development and well-being at UVic

# Problem Description

- Current System is **inconvenient & inefficient:**
- Patrons experience **significant traffic at peak hours**
- **Wait times too long** for students with back-to-back courses

## Project Goals

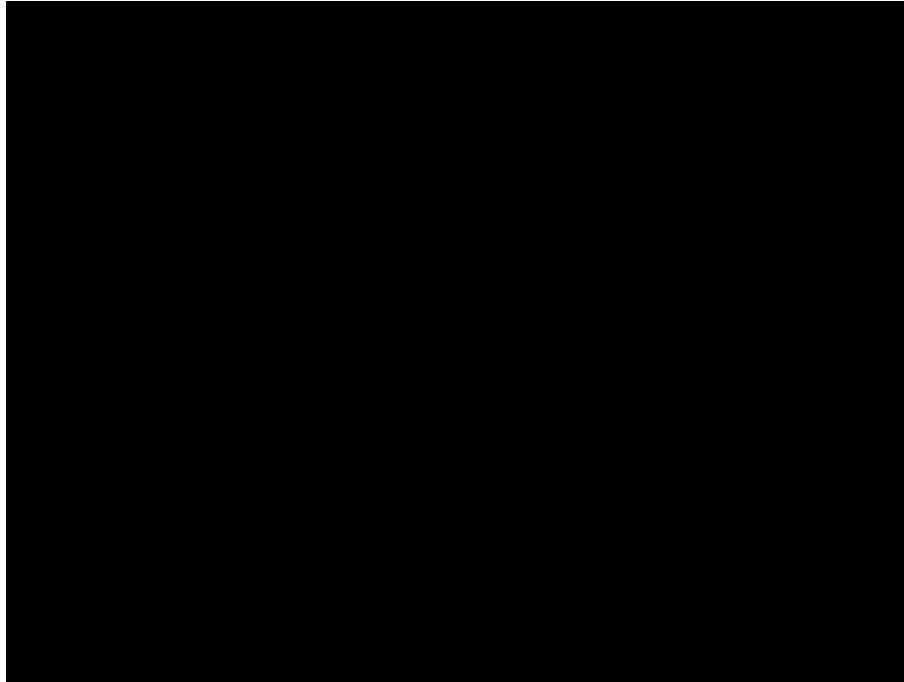

- Minimize wait times in crowded environments
- Increase efficiency of UVic Food Services foot traffic
- Develop mobile food ordering application for patrons to order food online

## ClassDASH

# Video Demonstration

# Recap

With ClassDASH let's:

- Stop waiting in crowded lines just to order our food
- Order online at your own leisure
- Choose a pick up at a time that works for you and your schedule

# Thank You for Your Attention

## Skip the line - with ClassDASH!
